### Teaching Assistant - Science Graduate

Q - Are you a graduate looking to kick-start your career?

Q - Do you have a passion for supporting children to achieve the best of their academic ability?

If so, this Science Graduate - Teaching Assistant position in a brilliant Secondary School in Hackney is perfect for you! You will be supporting in Science lessons, supporting students of all abilities. The school is proud to be an inclusive school and wants all its students to achieve their very best. You will be working with both high-achieving students aiming for A\*'s and Russell Group Universities, as well as supporting SEND needs (ASD, ADHD, Speech, Language and Communication)

This Teaching Assistant - Science Graduate role is a full-time position, providing dedicated support to a variety of students through-out the Science Department. You will be working closely with the teachers to support the students during lessons, as well as working with students in small interventions outside of the classroom on a 1:1 basis.

This role is perfect for aspiring Science Teachers who are looking to gain valuable experience in the classroom before going on to Teacher Training or a PGCE.

If this Teaching Assistant - Science Graduate sounds like the ideal role for you, please read below to find out further information!
