Are you an experienced Truck Master Technician looking to move into training or currently a Technical Trainer looking for a new challenge?

MSX International has the job for you!

MSX International is looking for a talented Technical Trainer to join our small but busy team in our client's new site, at IVECO Academy in Winsford. The scope of the role is to deliver a range of engaging and informative training programmes for Iveco Technicians.

The Role

The role of Technical Trainer offers an exciting opportunity to be part of a high performing team.

Working within modern training environments using the latest technology and equipment the Technical Trainer will be responsible for delivering core technical training programmes to Dealer technicians.

Using your passion, technical skills and knowledge, the Technical Trainer will:

- * Deliver core technical training programmes, including EV, to Dealer technicians
- * Deliver engaging, learner-focused training solutions aligned to TAP methodology
- * Align all delivery to the Iveco brand culture and requirements
- * Utilise innovative digital technologies during the delivery of remote learning interventions
- * Support course development work as and when required that is learner-focused, aligned to TAP methodology and Iveco requirements
- * Adapt European materials for the delivery of technical and new model launch courses
- * Undertake all aspects of administration in relation to training delivery, e.g. completing course rosters, pre-course and post-course briefings, assignment/test scoring and inputting
- * Attend factory or brand led events as a representative of Iveco GB, MSX International and the Training Academy, ranging from Train the Trainer events to Product Launches
- * Perform all aspects of the role to the standards set out within yearly objectives and KPI/SLA agreements between Iveco & MSX

About you

We are looking for a Technical Trainer with an embedded passion for the Truck industry.

With practical vocational skills and expertise, our ideal Technical Trainers will:

- * Possess a Master Technician status (also with automotive brands)
- * have a proven track record of achieving objectives
- * have a dynamic and engaging communication style, always maintaining engagement from all delegates
- * be up to date with new and revised learning and development theories, practices and methodologies including technological advancements
- * a natural desire and ability to coach and develop others
- * preferably hold an Industry recognised training accreditation and technical achievements
- * have an understanding of assessment tools and their links to learning and development
- * proficient MS Office package skills
