Job Title: Test Engineer-Assistant Team Leader

Location: Staffordshire

Salary: £DOE - We are booking interviews next week! Please call or email for a slot

Key Skills: IPC 610 qualification, HNC in Electrical and Electronic Technology, Supervisory or Team Leader qualification

Join Our Team as a Test Engineer-Assistant Team Leader and Drive Testing to New Heights!

Are you a meticulous Test Engineer with a passion for precision and excellence? Are you ready to play a pivotal role in ensuring top-tier quality standards in a well-established engineering organization? Look no further! We invite you to join our team in Staffordshire and be a key driver of engineering excellence.

About Us:

As a distinguished leader in the engineering industry, we are dedicated to delivering innovative solutions and pioneering projects. Our commitment to excellence has earned us a

strong reputation, and we're looking for a talented Test Engineer-Assistant Team Leader to contribute to our continued success.

The Role:

So, what will you be doing as a Test Engineer-Assistant Team Leader?

To guarantee compliance with health and safety regulations and policies, ensuring a secure and legally sound workplace.

Conduct testing of electrical and electronic assemblies and equipment, adhering to established safe operating procedures according to MOD and commercial standards.

Manage the issuance and reception of safety documents like permits-to-work.

Uphold HV Switching safety standards and regulations.

Collaborate with the Engineering department to influence test parameters in design.

Strategize and coordinate resources to maximize efficiency.

Track and evaluate actual costs and schedule performance against targets.

Meet productivity goals while upholding quality standards across all Test/Sensor department activities.

Lead and participate in regular project-specific meetings to keep stakeholders informed of progress and relevant issues.

Generate KPIs for the Test/Sensor department's 'cost to complete' and monitor advancement.

Demonstrate and uphold Ultra Maritime's values of Integrity, Transparency & Alignment.

Fulfil any additional responsibilities as reasonably requested by Management. What are we looking for in our next Test Engineer-Assistant Team Leader?

Familiarity and comprehension of Health and Safety regulations and requirements.

Previous experience in a similar role within a comparable industry.

Demonstrated capability to accurately interpret manufacturing data and conduct relevant self-inspection duties.

Proficient communication skills across all levels of the organization.

Self-starting initiative and ability to work autonomously.

Exceptional attention to detail.

Capacity to meet deadlines effectively.

Familiarity with internal and ISO 9001:2015 Quality Management Systems.

Understanding of ISO 14001:2015 Environmental Management standards.

Knowledge of 5S continuous improvement methodologies and 7W waste elimination processes.

Awareness of Electrostatic Discharge (ESD) considerations.

Proficiency in Microsoft Outlook, Word, and Excel. My client is keen to get this position filled ASAP, so if you feel you have the skills and desire to provide passion and drive as the next Test Engineer-Assistant Team Leader this is the opportunity for you!

So, if you are interested in joining a well-established, renowned, globally recognised organisation working with experts in their field as the next Test Engineer-Assistant Team Leader, hit that apply button now!

How to Apply:

Submit your updated resume and a cover letter outlining your experience and enthusiasm for joining our team in Bournemouth.

PLEASE NOTE

BPSS Or Security Clearance (SC) or eligibility to gain is required to be considered for this vacancy

Services advertised by Gold Group are those of an Agency and/or an Employment Business.

We will contact you within the next 14 days if you are selected for interview. For a copy of our privacy policy please visit our website
