Company: Anson McCade

Location: Greater Leeds Area

Category: other-general

Lead Threat Intelligence Analyst – SC Cleared Location: Leeds, UK - Onsite Working Salary: Up to £72,000 per annum plus a 10% bonus. Are you passionate about defending against cyber threats and safeguarding critical assets? Join one of the UK's largest defence companies, dedicated to protecting the nation against cyber threats worldwide. We are currently seeking a Lead Threat Intelligence Analyst to join our team based in Leeds. In this role, you will play a pivotal role in identifying, analyzing, and mitigating cyber threats to ensure the security and resilience of our systems and infrastructure. Responsibilities: Lead a team of threat intelligence analysts in gathering, analyzing, and disseminating intelligence on cyber threats and adversaries. Monitor and analyze various sources of threat intelligence to identify emerging threats, vulnerabilities, and attack trends. Develop and maintain comprehensive threat intelligence profiles and assessments to support decision-making and risk management. Collaborate with internal stakeholders to prioritize and respond to cyber threats effectively. Provide strategic guidance and recommendations to senior leadership based on threat intelligence insights. Stay abreast of the latest developments in cyber threats, technologies, and industry trends to enhance the organization's cyber defence capabilities. Requirements: Extensive experience in cyber threat intelligence analysis, preferably in a government or defence-related environment. Strong understanding of cyber threats, attack vectors, and cyber threat actors. Proficiency in using threat intelligence platforms, tools, and techniques to collect, analyze, and disseminate intelligence. Excellent analytical and critical thinking skills, with the ability to identify patterns and trends in complex data sets. Effective leadership and communication skills, with the ability to lead a

team and collaborate with stakeholders at all levels. Relevant certifications such as CISSP, CISM, or GIAC are highly desirable. Must be eligible for UK eyes only security clearance. Join our team and become part of our mission to defend the UK against cyber threats. Apply now to contribute your expertise and make a difference in national security. This position is only open to candidates eligible for UK eyes only security clearance.
