A pioneering leader in the manufacturing of close-tolerance injection-moulded components and assemblies are looking for an experience Injection Mould Toolmaker due to continued growth in orders and workload.

For decades, they have been at the forefront of producing high-quality Injection Moulded products that serve a diverse range of industry sectors.

Their commitment to innovation and cutting-edge technology has enabled them to supply clients across the UK and worldwide.

Having a fully equipped toolroom, with an extensive range of Injection Moulding machines, and a stringent quality management system, they offer comprehensive solutions to meet the unique needs of their customers.

At the heart of the operations is a dedication to delivering precision and excellence in plastic injection moulded products.

Join the team and become part of an organization that values quality, innovation, and a global perspective.

Contribute to the production of close tolerance injection-moulded components and assemblies that make a significant impact in various industries, by providing excellence in Injection Mould Tool refurbishment, modifications, repairs, and servicing.

Job Overview:

We are seeking an experienced Injection Mould Toolmaker to join a dynamic and forward-thinking company.

As an essential member of the production department, you will be responsible for the maintenance, repair, refurbishment and assembly of Injection Mould Tools and equipment to ensure the efficient production of close-tolerance injection moulded components for various industries.

Key Responsibilities:

- * Maintain, repair, modify and service Injection Mould tools assemblies.
- * Manual machining
- * Perform scheduled maintenance on the Injection Mould tools to ensure machines operate optimally.
- * Tool strip down, repair and re-assembly
- * Inspect and troubleshoot tools for any issues related to the production of close-tolerance injection mould tools, components, and assemblies.
- * Collaborate with the production team to ensure tooling is available.

Skills & Experience:

- * Previous experience as an Injection Mould Toolmaker is essential.
- * Proficiency in Injection Mould Tool maintenance, repair, modifications, and servicing.
- * Manual Machining
- * Strong attention to detail and quality.
- * Self-motivated, reliable, and a team player.
- * Willingness to work overtime when required.

Hours of Work:

- * 40hrs per week
- * 8am to 4:30pm, Monday to Friday
- * Overtime paid at x1.25hrs weekdays and x1.5hrs weekends (rarely needed)

Benefits:

- * 23 days holiday, plus bank holidays
- * Cash Healthcare Plan
- * Pension - NEST
- * Onsite parking
- * Free tea/coffee

* PPE provided

* Regular social events provided
