Company: Project People

Location: Manchester Area

Category: other-general

We are seeking a dynamic and experienced Town Planning Manager join a team and collaborate with the Head of Town Planning. This Town Planner role is working for a high profile company within telecoms and offer great benefits which include 30 days holiday allowance. In this role, you will take the lead on managing Town & Country (T&C) Planning and Community Consultation policies, processes, and governance. You will also provide management oversight of regional Planning & Community Specialists (PaCS) and a Planning Specialist, acting as a vital regional planning resource. What the role will be doing:

- Provide technical support and guidance to PaCS, Delivery Teams, Shareholders, and Suppliers
- Address potential barriers to acquisition delivery and maximize planning success by acting as a center of excellence on escalated planning issues
- Develop and maintain T&C Planning and Community Consultation policies, processes, and governance in collaboration with the Head of Town Planning and regional planning resources
- Develop positive relationships with key Local Authorities, Combined Authorities, and other stakeholders to address potential barriers and create a positive environment for deployment
- Manage regional planning resources regarding the planning appeal process and governance
- Collaborate with the Head of Town Planning and regional planning resources to produce reports on planning performance for relevant work programs

What experience is needed:

- Significant experience within the telecommunications or a similar industry such as Construction, energy renewable and wind farms in particular. Multiple interfaces both within and external to the company
- Previous experience in managing external suppliers, setting KPIs and SLAs, and bench-marking performance
- Experience of

dealing national and local elected representatives and officials, NGOs and lobby groups
