Working and Training as Dental Nurse...

A dental nurse works side by side to the Dentist assisting them in a variety of NHS and Private dental procedures, ultimately making sure the patient care and experience is at its best.

As a Trainee Dental Nurse you will work in a supportive environment; we are passionate

about building great teams who trust each other, work professionally, and take ownership for the success for the practice. This includes:

Assist the Dentist by providing chairside support ensuring that the correct equipment and materials are available

Provide support and assistance to a wide array of patients

Follow practice health and safety and infection control procedures

Keep the clinical areas and all equipment and instruments clean, tidy and disinfected

Accurately complete patient clinical records

Complete all clinical daily, weekly and monthly logs and checks

Roderick Dental Partners will support Trainee Nurses who have already signed up to or are working towards a Dental Nursing Qualification. For those, who have not yet begun a course, we can assist in finding a course provider.

The National Diploma in Dental Nursing (level 3) Qualification will include:

On the job training

Online learning

Face-to-Face training sessions

Completion of a record of experience

Written and Practical exams

Am I the right person?

Dedicated to starting a career in Dental Nursing

Able to commit to a 12month+ training programme

Comfortable working in a clinical environment

Excellent interpersonal skills to be able to communicate effectively with your practice colleagues and a variety of patients

Excellent organisation skills to keep appointments to time

Compassionate

Excellent written communication skills

IT skills

Team player
