

Trainee Estimator

[Apply Now](#)

Company: Integra Outsourcing

Location: Sutton Coldfield

Category: construction-and-extraction

This is trainee estimator / graduate trainee role for a leading international manufacturing of construction building materials. A trainee position with all training provided.

Package: £25k basic +10% bonus, company pension and 24 days holiday

Location: Commutable distance to my clients Sutton Coldfield office - 9-5 Monday to Friday

The Role – Trainee Estimator / Graduate Trainee

- * A trainee estimating role, working out of my clients UK head office
- * After a thorough induction and training programme, you will be...
- * Working through construction drawings, and on specialist estimating software
- * Working alongside the field sales and technical support teams
- * Calculating material quantities and take-offs, to provide estimates
- * You will also help provide technical advice to customers over the phone

The Successful Applicant:

- * This is trainee role and my client is looking for someone that can quickly absorb information and has a willingness to learn
- * It would be great if you were a graduate with a construction related degree, although this is not essential
- * You must though have strong communication skills and be looking to carve out a career in the construction industry

Our Client:

- * A leading and long established manufacturer of building materials
- * A £b global player within the construction industry, operating across all continents
- * A company that promotes from within
