

## Trainee Utility Surveyor

[Apply Now](#)

Company: Survey Solutions

Location: Ipswich

Category: other-general

Do you have the desire to pursue a career within surveying? Are you looking for a role where you work outdoors with lots of variety? If so, we have an exciting opportunity for you.

We are a leading engineering surveyor specialising in land, measured building and underground utility surveys as well as monitoring and site engineering schemes. We are looking to appoint a Trainee Utility Surveyor to join our utility, CCTV and drainage surveying team in our Ipswich office.

We can offer an interesting career with excellent opportunities to progress your career within the geomatics sector. You will follow the company's structured training program and undertake on-the-job training lead by experienced surveyors, giving you the unique opportunity to earn whilst you learn.

As a Trainee Surveyor, you will work on exciting and varied utilities, CCTV and drainage surveying projects, learning to conduct surveys on site using innovative technology and how to process data in the office. The ideal candidate will have an interest in outdoor activities and passion for a career as a surveyor.

This is a full-time role with office hours of Monday to Friday from 9.00 – 5.30, however site hours will vary so overtime and occasional weekend working will be required.

### **Responsibilities:**

As a Trainee Utility Surveyor, you will:

Work on site with experienced surveyors, conducting underground utilities, CCTV and drainage surveys using innovative technology and processing data in the office

Work on exciting and varied projects

Undertake on-the-job training and earn whilst you learn

Gain invaluable knowledge and skills from experienced surveyors

Set up surveying instruments, record data and providing logistical support to Surveyors

Undertake tasks within the office environment to assist with project completion e.g. processing surveying data, instrument checks, organising and loading equipment, data input

Maintain survey instruments to a high working standard and ensuring its fit for purpose

Undertake the structured Survey Solutions training program

Attend and contribute effectively to training and development days to assist your progression through the program

Follow Survey Solutions health and safety policies and procedures and promote a high standard of health, safety and welfare in the workplace and to members of the public while onsite

## **Requirements**

The Person:

A keen interest in outdoor activities or previous experience working outside

A minimum of 5 GCSE's including Maths & English to Grade C level/ Grade 4

Passionate about pursuing a career in surveying

Good practical and problem-solving skills

Logical thinker with an ability to deal with figures

Ability to work successfully as part of a team

Able to demonstrate and understand the importance of health and safety at work

Willing to travel regularly with some overnight stays to complete projects

Full UK driving licence with access to own vehicle

Able to commute to our Ipswich office

Right to work in the UK

## Benefits

A wide range of benefits including:

24 days holiday, rising with length of service to 30 days + bank holidays

Life assurance

Company sick pay

Long service awards

Birthday gifts

Health & wellbeing schemes, including a company wellbeing helpline

Ongoing support to complete our in-house training

The opportunity to gain professional accreditation from the Chartered Institution of Civil Engineering Surveyors (CICES) via our Approved Development Scheme

The opportunity to develop key skills and competencies to succeed in a career as a surveyor

Company workwear and PPE
