Company: Goodman Masson

Location: London

Category: other-general

I am currently partnering with a high growth renewables firm to recruit a treasury manager to manage its UK operation. Reporting into the Group Treasurer, the role will take ownership of: Day to day running of the UK function Investor engagement to assist with M&A and project funding Maintaining and developing a strong treasury control environment Managing multi-billion dollar debt facilities Build relationships with banking partners Upgrade and develop treasury infrastructure This would be a fantastic opportunity for anyone at Senior Treasury Analyst or Treasury Manager to step into a broad management role in one of the most exciting and future proof sectors in the current market. To be considered, you will have: 5-8 years of demonstrable treasury experience in a fast paced, varied treasury function Either an accounting or treasury qualification (ACA, ACCA, CIMA or ACT/AMCT) Highly effective stakeholder management skills for both internal teams and external counterparties The ability to add value and develop the function Experience with letters of credit and credit risk analysis If this sounds like a good fit, please apply via this advert or to be fast tracked send your CV and a brief covering note directly to me at chris.parker@goodmanmasson.com In our company values we aim for equity at all stages of the recruitment process, please let us know if we can do anything to make the process more accessible to you.
