[Apply Now](#)

Company: Life Sciences Recruitment

Location: United Kingdom

Category: other-general

The Sales Specialist role, reporting to the Country Sales Manager, focuses on managing sales activities in the UK. Responsibilities include driving sales growth through prospecting, managing existing customer relationships, and recruiting distribution partners with a key focus on new business generation. The product portfolio includes laboratory equipment and storage. Responsibilities: Driving new business initiative across the UK Direct and distribution sales Supporting local operatives Attending trade shows Collaborating with UK peers Requirements: Scientific degree or relevant industry experience Proven sales skills, technical proficiency, and a clean driving license Dependability, initiative, problem-solving, customer service, and strong communication and organizational skills To find out more, please contact Patricia Sousa (patricia.Sousa@lifescirecruitment.com) At Life Sciences Recruitment Ltd (LSR), we are a Global Life Science recruitment firm that specialises in partnering with start-ups, fast-growing biotech and pharmaceutical organisations. Founded in 2021, we recognised the need for a company with the insights, knowledge and credibility of a search firm but offering a contingent service. As one of the most competitive and fast-paced industries globally, succeeding and growing in the life sciences business requires a combination of creativity, technical expertise, and business savvy. At LSR, to find the best talent for your organisation, our dynamic recruitment consultants tap into our unparalleled network of contacts and apply a quality-based approach to a contingent search model tailored to your needs. We provide the most sought after candidates to fit your requirements ranging from temporary placement to Fortune 500 companies! LSR is a privately owned and independent recruitment company focused on the Life Sciences industry. We are a

subsidiary of Morgan Prestwich (MP), Europe's leading boutique Life Sciences executive search and advisory firm. Contact us today to learn more about our recruitment services.
