Company: ADLIB Recruitment | B Corp™

Location: United Kingdom

Category: other-general

Join a purpose driven digital healthcare team making products that help thousands of people. Work alongside other product, UX and Design specialists. Remote first environment, working 9 day fortnight and more great benefits. We're looking for a UX Designer to join a digital healthcare company helping people live more independent and fulfilling lives. You'll be creating products and tools that enable one to one and digital support for people. What you'll be doing This is a great role that brings with it the opportunity to work on interesting impactful technology. The product is currently used by thousands of people across the UK and offers support to people with a wide variety of needs be it anxiety, ADHD, Autism or other neurodivergence. You'll be sat in a cross functional agile team, collaborating closely with seasoned Product Managers, Business Analysts, Product Designers, Engineers and Testers. In this role you'll take ownership of the design and delivery process, working from prototyping through user testing and handing over to developers. You'll work closely with the Lead Designer and Product manager, supporting on discovery work from time to time too. What experience you'll need Previous experience designing digital products for mobile. A portfolio showcasing your UX design experience and relevant projects. Be comfortable taking ownership of design projects within a cross functional team. Able to create wireframes, prototypes and polished UI visuals. A good understanding of accessibility and usability standards (WCAG 2.1). Previous experience of working in an agile environment. Any previous experience of working with neurodiverse users beneficial but not required. What you'll get in return A remote first environment, with a few key meet-ups throughout the year to spend time with the team, a 9 day working fortnight (paid full time), a purpose driven

organisation with supportive team and shared values, 25 days holiday (+ bank holidays) and more. What's next Please apply with an up-to-date CV and any supporting work. However if you haven't got your portfolio together just yet don't let that stop you applying, please apply with the CV and let us know you're still pulling your work together.
