The Engineering & Manufacturing division of SF Recruitment is currently recruiting for a Warehouse Operative to be part of an expanding team within a large and well-established family-owned engineering business, at their Sutton in Ashfield depot.

Scope of role

- Day to day control of the goods in and goods out.
- Loading and unloading of vehicles using a FLT.
- Ensuring all goods received are logged and booked in with 100% location accuracy.
- Picking and packing of customer orders.
- Dealing with customers in a professional manner at the trade counter.
- Use the computer system to input stock management data.
- Help to ensure KPI's are being met.

The Warehouse Operative

- Experience within a warehouse or logistics setting.
- FLT experience will be highly advantageous.
- Picking and packing experience.
- Good attention to detail with the desire to ensure accuracy levels are met.
- IT literate.

Please apply now to express an interest and a member of the division will contact all suitable candidates to talk through the scope of the role in more detail.
