About the Business

Our business started over 60 years ago and has been in the same family ever since. From our very humble beginnings, we have grown to be in the top 100 car dealers in the country, with an ambition to be in the top 50 very soon. Across our 16 businesses we have a stable workforce of over 400 people, many of whom have been with us for years. We are always on the lookout for nice, genuine people who genuinely care about our customers and have a can-do attitude.

Our recruitment philosophy is that we recruit for attitude and train for skills, which means that although we're often looking for specific technical skills, if you like working with customers and you are attracted by our Family Values of Fit, Fun, Family and Fearless, you'll fit in well here and we'd like to hear from you. We'll expect you to work hard but in return we'll offer you an industry leading package, flexible working hours and a real opportunity to progress: we prefer to promote from within and you will see this in every one of our sites. You must possess an outrageous ambition to want to be the best and you won't let anyone stop you. Excellent working conditions along with an industry leading remuneration package, you will join a top AM 100 family run business which has kept its family values and is a great place to work.

About You

We are looking to recruit a person to join our flagship Dealership in York. The successful candidate will be rewarded with excellent remuneration that we believe beats all others in the local area. This is new addition to our team as we continue to grow the D M Keith Business.

Forming part of our warranty team of 5 people already, you will be based in one of our West Yorkshire Dealerships in Leeds and be responsible for the timely submission of all warranty claims for all of the Brands, although you will specialise in one of them. As a warranty executive, your knowledge will be key to maintaining a respected and class leading warranty team and help coach and assist all other Service personnel in this demanding area of the business.
