Some careers shine brighter than others.

If you're looking for a career that will help you stand out, join HSBC and fulfil your potential.

Whether you want a career that could take you to the top, or simply take you in an exciting new direction, HSBC offers opportunities, support and rewards that will take you further.

Our Wealth and Personal Banking business supports millions of individuals, families, business owners, investors and entrepreneurs worldwide. We provide products and services that include current accounts, credit cards, personal loans and mortgages, as well as savings, investments, insurance and wealth management. We also have specialised relationship managers who support customers with bespoke requirements, including high net worth and ultra-high-net-worth.

What will I get to do as a Wealth Manager at HSBC?

Whether you're creating connections with customers or colleagues, Wealth Management is genuinely a relationship-based service. As a Wealth Manager, you'll have access to an impressive portfolio of wealth customers, growth potential, career progression, and an opportunity to bring your authentic self to team that prides itself on making connections and building relationships. You'll support every aspect of a customer's financial life, help them grow, manage and preserve their wealth, and provide a professional service in a world of increasing complexity.

Here's what else you'll be able to do in this role:

Manage and support a portfolio of high value premier customers.

Act as a trusted adviser to our new and existing customers providing holistic financial advice and supporting them through key life events such as investing for your future, saving for a new home, planning for retirement or protecting their family for every eventuality.

Conduct in depth reviews to identify personal and financial needs of customers and deliver a consistent and tailored wealth management and financial planning service to a portfolio of HSBC clients.

Advise on a full range of products and services that include both HSBC manufactured products and those provided by external partners.

Deliver needs-based solutions through effective communication and influencing.

Continuously monitor and gather information to assess potential impacts and identify possible risks and opportunities for the business.
