Knowledge of current trends in web development and cross browser / mobile compatibility issues and workarounds

Experience converting business requirements to technical solutions

Strong attention to detail, excellent verbal skills, self-starter

Bachelor degree in web design, web development or related is a plus

Understanding of Amazon store, listing, web sales/management is a plus

Excellent organisation skills and the ability to drive projects forward through to completion working between your internal teams, third party web developer and Wild Thang clients.

A good understanding of adwords and other connected social media content

Ability to increase web traffic and linked data monitoring and managing and reporting on performance

Opportunity

Wild Thang have relied heavily on third party developers and the direction from the Managing Director, Marketing Director and Sales Director to move the digital side of our business

forward, due to growth and demand the time has come to appoint a creative and proactive Web Manager. The opportunity is there for you to become part of the Senior Team at Wild Thang and to take our digital advancements to the next level.

In terms of the business ethos and culture, we value our employees and focus on positive team working to achieve the best results. We're dynamic and a forward thinking company who understand that standing still is not an option and continuous improvement is the only way forward. The steps we have been taking are exciting for the whole team...

As a business we are always looking for ways we can improve and grow, very recently we opened our US office after the succession of our Ireland based office.

We have just been recognised in the local area for two prestigious awards, the international business of the year and sustainable business of the year. This is something we hugely proud of and it's an incredible honour to receive both awards as it's a testament to our 27-year journey.

Sustainability is becoming a bigger and bigger topic in the promotional industry but also the rest of the world. Here at WT HQ, we have recently had installed solar panels across the roof of the premises, meaning we are now producing clean energy for ourselves but also putting some of this back into the local grid. Alongside the installation we are focused on being carbon neutral by 2030 and have a pledge in place to ensure as a business we keep pushing forward to be as sustainable as possible.

Permanent full time position

Standard working hours 8-5 Mon-Thursdays 8.30-4 Fridays

20 days holidays per year + bank holidays

Company shut down over Christmas period

Salary negotiable for the right candidate and experience
