

Webflow Developer

[Apply Now](#)

Company: Right Customer

Location: United Kingdom

Category: computer-and-mathematical

Overview

Are you a Webflow Developer with a passion for creativity and the ability to quickly turn designs into beautiful, functional websites? If yes, we need someone like you!

As a Webflow Developer, you play a crucial role in creating captivating, high-converting websites for our clients. The ideal candidate has a strong eye for design, knows how to use the Client-First Framework by Finsweet, able to work fast and follow best practices while developing.

Duties and Responsibilities:

Turn high-fidelity mockups into functioning Webflow websites.

Ensure that all elements of the website work together, including links, navigation menus, forms, and more.

Develop responsive designs to ensure the website looks good and functions well on all device types and browsers.

Implement best practices for web development, including speed optimization, accessibility, and basic SEO.

Collaborate with designers and content writers to ensure the website looks as intended and meets the client's needs.

Integrate websites with other tools and software using Zapier

Set up conversion tracking for forms and advertising platforms to measure website performance and user behavior.
