Company: Staffed Ltd

Location: United Kingdom

Category: other-general

Are you prepared to take your career to new heights as a Winder with our client, a renowned Industrial Service Provider with a broad presence across the UK & Ireland.

Committed to excellence, our client provides innovative mechanical engineering components and logistics services. Located in Swansea with occasional opportunities for on site with customers, this role offers an exciting opportunity to wind and fit a diverse range of electrical and mechanical motor equipment.

About the role:

Testing of AC/DC electrical motor winding

Correct use of burnout techniques

Detailing of AC/DC motor windings and rewinding of same

Connection and testing of windings

Impregnation and stoving methods

Use of specialist tools with other key tasks within the workshop

About you:

Formal training or qualification in winding within a motor environment

Experience of both AC and DC winding would be desirable, although just AC would be considered

Fitting and winding task

Driving licence

The safety of you and your colleagues is your priority above all others

If you're ready to embrace the challenge and contribute to maintaining industrial excellence, seize the opportunity and **Apply Now** to kickstart your journey as a key player in our client's success story!

Position: Winder

Location: Swansea

Salary: £33,000 per annum

Hours: Full time Monday - Friday (with overtime available)
