

## Window and Doors Fitter

[Apply Now](#)

Company: Reed Engineering

Location: Huddersfield

Category: architecture-and-engineering

Our client is a well established and successful glazing business based in West Yorkshire.

They are looking to expand our team with an experienced Window & Door installer, one who completes their work to the highest possible standard and with a right first time attitude. The job will also require you to assist in surveying jobs as part of the role - so being able to demonstrate good technical knowledge and customer skills is a big plus.

The Client is currently experiencing rapid growth, and we're looking for the right candidate who can help us push forward with the influx of jobs we are receiving.

We also partner with Leeds based charity Candlelighters. Candlelighters are a Leeds based charity that look after kids with cancer and their families. We donate £10 to the charity for every job we complete worth £100 and over.

The Role involves:

Installing windows & doors

Surveying installation jobs

Investigating issues and proposing cost effective solutions to clients. Successful Candidate

Attributes will include:

Minimum 2 years of installation experience

Great attention to detail

Keen to learn

Right first time attitude

The ability to work well under pressure

Excellent time keepingSalary/Hours:

Job Types: Full-time, Permanent

Wage: Competitive rates, to be discussed at interview

Full time 40hrs Permanent

Immediate start available for the right candidate.
