

## Workshop Facilities Technician

[Apply Now](#)

Company: University of Southampton

Location: Southampton

Category: other-general

**2678224DA**

**Imagine working in an environment where your contribution is so far reaching that you will be changing the world - this is the reality - if you choose.**

In the Engineering Design Manufacturing Centre workshop, you will be working alongside leaders in their discipline that rely on your expertise to guide them. You will achieve this by building strong partnerships and demonstrating creativity in problem solving. In this pivotal role you will be responsible for aiding students and staff in the manufacture of equipment for project, experimental and research purposes. Personally, you will be skilled in the use of a wide variety of Computer Numerical Control (CNC) manufacturing equipment and be competent using Computer Aided Design and Manufacturing (CAD/CAM) packages. Ideally, you will have experience of both CNC Milling and CNC turning production. You will also be a confident communicator able to explain technical issues to those less experienced and where English may be their second language. Pitching in to solve unique experimental manufacture and design solutions will be second nature and you will always be looking to deliver effective results in the most efficient way, enhancing your customers' experience.

This is a truly immersive role that works at the very heart of our customer centric service - think you can help shape and mould the world? Then get in touch - we want to meet you.

**In return we will offer you:**

career development as we know this is important to you so will ensure you have opportunities to enhance your skills.

we are committed to work-life balance

offer a contributory pension scheme

20 days holiday rising to 24 after 4 years plus 8 bank holidays and 6 additional holidays (closure days)

subsidised health and fitness facilities on-site; cycle to work scheme

a range of discounts which include restaurants, retail outlets and entertainment.

You will join a small inclusive team that embraces diversity and the benefits this brings in support of this due consideration will be given to those who have had career breaks for reasons including maternity, paternity or adoption leave, disability or illness.

**Further details:**

Job Description and Person Specification

We are committed to equality, diversity and inclusion and welcome applicants who support our mission of inclusivity.

The University is a signatory of the Technician Commitment and a partner affiliate of the National Technician Development Centre (NTDC). We are committed to supporting our technical staff and offer a wide range of opportunities including networking, mentoring, training, professional registration and career development. We really value all our technical staff and recognise the broad range of skills they have in support of education, research and enterprise activities. By joining you will be part of a bigger technical community, offering support and guidance.
