Progression Routes

Platinum Recruitment is working with an award winning Forklift Hire company. This is an opportunity for a Qualified Workshop Forklift Engineer to join their team of experienced Workshop Forklift Engineers.

Why choose our Client?

Our client runs a well-established nationwide Forklift Hire company. Offering a complete Forklift hire service and have extensive range of Forklifts to hire. They offer complete manufacturing training to all of their experienced Workshop Forklift Engineers.

Your responsibilities will include-

• Servicing, repairs and maintenance of diesel, gas and electric forklift trucks.

• Carry out diagnostic testing to identify faults and issues.

• Ability to work on your own

• Install, adjust, and calibrate components and systems on forklifts to ensure proper operation and safety compliance.

• Keep accurate records of maintenance and repair work performed, including parts used,

labour hours, and any recommendations for future maintenance.

Other industries considered-

HGV / Agriculture / Plant / Forklift / Vehicle

Experience essential for this role -

Full UK Driving Licence is required

Fully qualified Workshop Forklift Engineer

NVQ or City & Guilds in a form of engineering preferred but not essential

Previous experience maintaining, diagnosing and repairing faults on forklifts

Ability to diagnose and carry out repairs on errors and faults with mechanical, electrical, hydraulic and pneumatic issues
